

# Hiroshi Tanaka

## Personal Information

Gender: Male

Age: 38

Nationality: Japanese

Location: Japan, willing to relocate to Europe

## Education:

Master's in Statistics

University of Tokyo, Japan

## Experience:

Data Scientist

Daataa Financial Services

- Developed predictive models for credit risk assessment and fraud detection using machine learning techniques.
- Analyzed financial data to identify market trends and develop investment strategies.

January 2019 – Present (5 years)

Tokyo, Japan

Researcher

Graz University of Technology

- Conducted research in computational statistics and machine learning, focusing on algorithm development and optimization.
- Published research papers in top-tier journals and presented findings at international conferences.

January 2016 – January 2019 (3 years)

Graz, Austria

## Skills:

- Proficiency in Python and R for data analysis and modeling
- Strong background in statistical theory and machine learning algorithms
- Experience with big data technologies like Hadoop and Spark
- Excellent problem-solving and analytical skills
- Fluent in English, German and Japanese
