Bora Garcia

Personal Information

Gender: Female
Age: 30
Nationality: Spanish
Location: Vienna, Austria

Education:

Master's in Data Science
Technical University of Madrid, Spain

Experience:

Data Scientist
Analytics Solutions GmbH
- Developed machine learning models for predictive maintenance in manufacturing plants, reducing downtime by 15%.
- Collaborated with cross-functional teams to deploy data-driven solutions and integrate predictive analytics into existing workflows.

January 2023 – Present (1 year)
Vienna, Austria

Data Analyst
Tech Innovations Ltd.
- Analyzed customer behavior and market trends to identify opportunities for product optimization and revenue growth.
- Created dashboards and reports to track key performance indicators (KPIs) and provide actionable insights to stakeholders.

January 2022 – January 2023 (1 year)
Munich, Germany

Business Intelligence Consultant
Data Insights GmbH
- Designed and implemented data warehousing solutions for clients in various industries, including retail and finance.
- Conducted data profiling and cleansing activities to ensure data quality and accuracy for reporting and analytics purposes.

September 2020 – January 2022 (1.2 years)
Munich, Germany

Junior Data Scientist

Advanced Analytics Corp.

- Participated in data science projects, including predictive modeling and customer segmentation, using Python and R.
- Assisted in the development of machine learning algorithms and evaluated model performance using metrics such as accuracy and precision.

January 2018 – June 2020 (1.5 years)

Barcelona, Spain

Skills:

- Proficient in Python, R, SQL, and data visualization tools like Tableau and Power BI
- Experience with machine learning techniques, including regression, classification, and clustering
- Strong analytical and problem-solving skills, with a focus on translating data insights into actionable recommendations
- Excellent communication and presentation abilities, with experience in conveying complex technical concepts to non-technical stakeholders
- Adaptability and willingness to learn, with a track record of quickly acquiring new skills and technologies
